

VEDAQ-P™

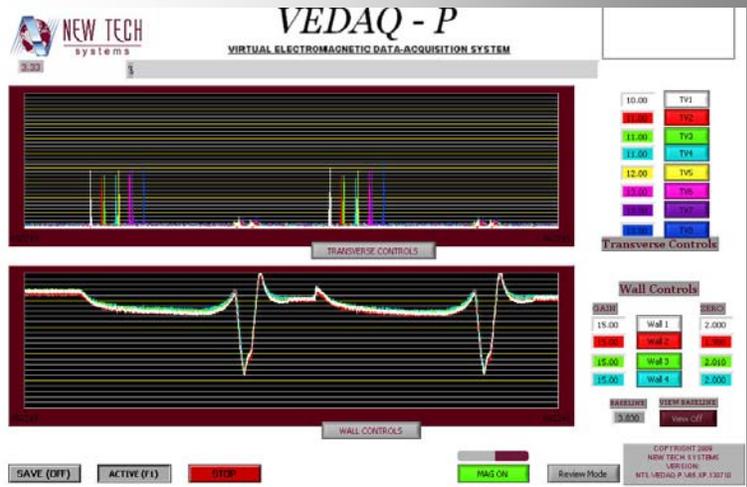

*Computerized Stationary EMI Drill Pipe Inspection System
Multi-Function*

- Capacity: 2 3/8" to 6 5/8" O.D. (With Coupling Or Tool Joint)
- Digital Transverse Flaw Detection and Wall Monitoring
- High Production Rate
- Windows™ Based Electronics System
- Conveyors
- Pipe Loaders and Unloaders
- Manual or Automatic Controls
- Demagnetizing System (Optional)
- Grade Comparator (Optional)

The **VEDAQ-P™** is a stationary, computerized, multi-function, EMI inspection system for drill pipe. Digital transverse flaw detection, and exclusive TRUEWALL™ solid state (Hall Effects) wall monitoring functions are standard features. **NO RADIATION IS USED.** The advanced digital computerized electronics system, heavy duty center section, pipe handling conveyors, and affordable price make the VEDAQ-P™ the best system in the industry. Inspection capacity ranges from 2 3/8" to 6 5/8" O.D. The VEDAQ-P provides the operator with a very diversified, sophisticated and operator friendly inspection system. Affordable spare parts prices, detailed parts/operations manuals, and experienced technical assistance are superior to competitors' products. The VEDAQ-P™ is designed to meet most stringent industry requirements set forth by API, DS-1, etc.

The VEDAQ-P™

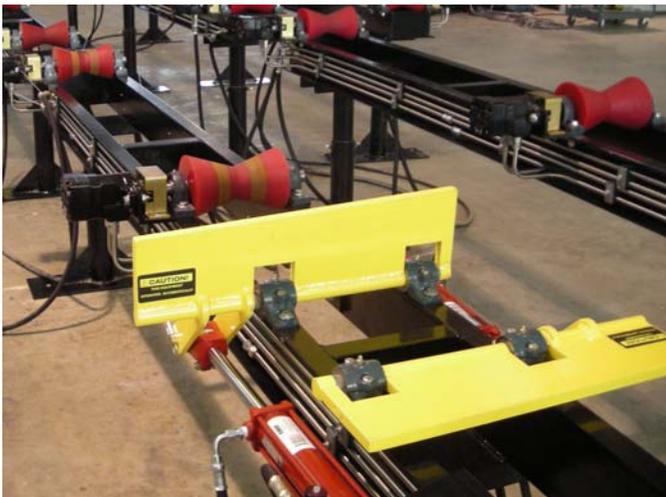

Stationary, Computerized, Multi-Function, EMI, Drill Pipe Inspection System

PERFORMANCE DATA

- Capacity:** 2 3/8" to 6 5/8" O.D. drill pipe
- Functions:**
- 1) Transverse (TV) flaw detection (cracks and pits)
 - 2) TRUEWALL™ magnetic wall thickness monitoring
 - 3) Demagnetizing system (optional)
 - 4) Grade comparator (optional)
- Production Rate:** 60 to 90 Ft. per minute, all functions
- Inspection Criteria** The VEDAQ-P™ is designed to meet most stringent industry requirements set forth by API, DS-1, etc.
- Major Components**
- 1) Computerized electronics system
 - 2) Operators panel
 - 3) Skid-mounted center section
 - 4) Conveyors with adjustable stands
 - 5) Conveyor load and unload arms (bi-directional optional)
 - 6) Hydraulic power unit
 - 6) Inspection heads (sizes optional)

VEDAQ-P™ with Conveyors

Optional Loader and Unloader Arms

VEDAQ-P™ Mounted in Portable Shipping Container.
